Thank you for selecting the Nintendo[®] Entertainment System 10-Yard Fight* Pak.

OBJECT OF THE GAME/GAME DESCRIPTION American Football, the intense game where muscle, brains, and passion collide. Whether playing yourself, or just watching others, you can't help but get into the 10-yard fight!

Offense tries to advance as far as they can toward the goal line. However, defense is ready to stop you with as many as 183 starting formations and as many as 133,407 plays --- they're trying to get yardage and win the game too! Size up each play slyly -- yet quickly -- and make a charge for the goal line! The game gradually gets harder as you get better. You start playing high school, then college, then pro, then play off, and finally Super Bowl level football.

Come up with game-winning strategies and nice moves for both offense and defense. So get on the gridiron and fight, fight, fight!

Please read this instruction booklet to ensure proper handling of your new game, and then save the booklet for future reference.
